

Water Safety Worksheet

This worksheet is was created to help parents, families, and caregivers find places in and around their home or rental property where water could be dangerous for children who wander.

Fill out the worksheet and write down any controlled water sources, like pools, hot tubs, or bathtubs, as well as uncontrolled water sources, like lakes, ponds, ditches, or trenches.

As you complete the worksheet, think about whether the right safety steps are in place at each spot to prevent accidents or drowning.

After you finish the worksheet, you'll find a list of ways to make these areas safer and lower the risk of injury or drowning.

For more information about water safety and why it's especially important for neurodivergent children, visit www.autismtoolkit.org

Water Safety Worksheet

Identifying Sources of Water In and Around Your Home/Rental Space:

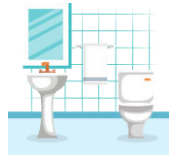

Do you have a bathroom with a bathtub or toilet?

YES or **NO**

If **YES**, how many?

If **YES**, do you have any bathroom boundaries or safety measures currently in place?

YES or **NO**

Do you have a swimming pool and/or hot tub on the property?

YES or **NO**

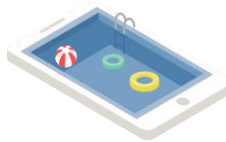

If **YES**, is the pool and/or hot tub fenced in?

YES or **NO**

If **YES**, does the pool and/or hot tub have a proper cover on it ?

YES or **NO**

Is the pool above-ground or in-ground?

Is there a lake, stream, river, pond, retention pond, or other natural bodies of water located on your property?

YES or **NO**

If **YES**, are there barriers present, such as a fencing or a gate?

YES or **NO**

Are there any other sources of standing water, such as buckets, coolers, or trenches, or ditches, on or around your property?

YES or **NO**

If **YES**, please identify what those are and where those are:
